COMMISSIONER OUTLINES SUGGESTED PROCEDURE ON ORCHARD HEATER LAW

VISALIA, Aug. 22 — With Tulare County supervisors last week passing a new ordinance to control smoke from smudging of agricultural crops during winter months, suggestions on compliance have been released by Elvin O. Mankins, agricultural commissioner.

In urging citrus growers, and other farmers who at times must use heat protection for crops, to take a look at their personal situation then set up a program for compliance, Mankins says:

"The first years will present some problems in adjusting and proper consideration will be given each case and reasonableness within the limits of the ordinance will be exercised.

"Permits to burn tires and other such material will be made up to November 1, 1964 when satisfactory evidence is presented to show that a sincere effort was made to purchase legal heaters or make corrections well ahead of the firing season and it is impossible to get delivery. A letter or other

written information from suppliers stating that delivery cannot be made would be considered satisfactory.

"The committee of agricultural men assisting drafting the ordinance thought it advisable to allow five years to bring all heaters into compliance, but that 20% correction be made each year; therefore lack of funds would not be reason to fail to comply. There is no provision for a permit to burn tires in any case after November 1, 1964. The tires seem to be the worst source of smudge, and are a poor device for efficient heating.

"There is ample evidence that complying orchard heaters are more economical and efficient. Many growers have been changing over to the newer type heater and many more are now in the process of changing over.

"The last season was one of the worst smudge years we have experienced and was also one of the coldest, and with the expanded

Poplar Barbecue September 5

POPLAR, Aug. 22 — Sixth annual barbecue of the Poplar chamber of commerce will be held September 5 at the Tule River Youth center in Poplar, with serving set for 6-9 p.m.

Featured entertainment will be music by the Hootenany Singers. The barbecue that has developed into the largest in the area, is staged by the Poplar chamber of commerce to raise funds for the chamber's excellent youth program and for continued development of the Tule River Youth center.

Tickets for the event went on (Continued On Page 11)

BARN THEATER PLAY READING IS SET SUNDAY

PORTERVILLE, Aug. 22 — Reading for the Barn Theater's next production, "Over Twenty-One" has been set for 2 p.m., next Sunday, August 25, with anyone interested in any aspect of community theater invited to participate. The play will be directed by Elizabeth Dobson, of Exeter.

The motion picture version of "Over Twenty-One", starring Jane Fonda, was directed by Pete Tewksbury, who founded the Barn theater and started his illustrious career as a director there.

COMPLETION OF COLLEGE CAMPUS BUILDINGS IS PLANNED IN THREE YEARS

PORTERVILLE, Aug. 22 — The emphasis of the building program for the Porterville Union High School and College district during the next three years will shift to the completion of the college campus, first occupied in the fall of 1955.

An \$88,000 technical and industrial arts building has been completed in time for use during the coming semester. Work will start in December on a \$333,000 gymnasium and health education building. Other major projects for completion of the campus are a communications arts building, a student union and cafeteria, and a life science laboratory building.

Most of the funds derived from the district's special 50-cent building tax have been spent during the past two years on completion of the high school campus, where a new administration and student personnel services building will be occupied for the first time this fall. Classroom wings at the high school under the present master

plan have been completed. However, some classes remain in temporary buildings which will be used until the overcrowding is relieved by the construction of a second high school campus in the near future.

The new college gymnasium will have 17,400-square feet of floor space and will join the present health education building and shower and locker facilities. It will have limited spectator facilities, which also will be used for student assemblies and other public gatherings.

The communications art building, with 12,000 square feet of floor space, will provide room for instruction in speech, drama, and

School Time Coming, Summer Going

What happened to summer?

We can't answer the question, but suddenly vacation days are on their way out and school days are on their way in.

That's why this issue of The Farm Tribune sort of features Back To School items in its advertising, and we suggest that you take a look — because there's new stock and bargains listed that you won't want to miss.

In fact it's not a bad idea to get that Back To School shopping done just a bit early, then maybe you can take off for that final vacation fling over the Labor Day holiday.

Editorial Comment

MORE SPACE FOR PARKING, OR . . .

We mentioned that traffic safety on highway 190 along the Lake Success area would be improved by more, not less, parking space, and we think the pictures at right prove our point.

Top photo, taken at intersection with the Old River road, on the west side of 190, shows cars well off the highway in a section of the old road.

Second photo, just south of the South Fork bridge, shows cars parked on the blacktop. We watched people get out of these cars with fishing poles, and with small children, take a quick look, then cross the highway. All this is asking for trouble.

Third photo shows cars just north of the bridge, some, but not all, pretty well off the highway on the east and west sides, but one car parked on the blacktop. This, again, is not good.

The reason for parking on the highway is simple: Fishermen will walk two or three miles around the lake shore, but they don't want to walk more than an absolute minimum getting to the lake. So they park — on the highway, if necessary — right above the area of the lake they intend to fish.

Which leads to a couple of possible corrections of this dangerous traffic situation: 1. Provide parking areas where possible along the present highway and, through police regulation, enforce parking in these areas; 2. Fence off the highway, as on a freeway, and force people using the lake to drive into the wide expanse of recreation area adjacent to the lake.

What about the fourth picture?

Well that's a fine photo of empty beer cans, old boxes, used cups, etc., etc., tossed out of cars parked along the highway. When we see this all-too-common sort of mess, we get to feeling that if the great American public thinks no more of a recreation area than to plaster it with trash, maybe the whole lake should be fenced, and everyone kept out.

That would also solve the traffic safety problem.

But really we don't recommend that method. We do however, recommend more planned parking on highway 190 at Lake Success, and a bit of anti-litter bug law enforcement.

NEW BOOKS AT PORTERVILLE CITY LIBRARY

THE WINE IS BITTER: THE UNITED STATES AND LATIN AMERICA, by Milton Eisenhower, is a concise, well-considered discussion of conditions in Latin America that have great bearing on U.S. policies. After intensive study of Latin America since 1946, and official visits there as an emissary of his brother, President Eisenhower, in the 1950's, the author sees the situation as critical. He calls for a new approach to Latin American aid: towards social reform — wider educational opportunities, health and housing improvement — preliminary to economic aid. His chapters on Latin American economy and agriculture are information-packed, and are interwoven with his personal experiences in his travels.

A warm-hearted and merry book is: **THE HILLS IS LONELY**, by Lillian Beckwith, a middle-aged English teacher. She was advised to live in the country for her health, and is lured to the remote Hebrides islands by a remarkable letter. The islands are wild, lovely, and primitive; the people vigorous and earthy, with highly original notions about life, death and outside "civilization". She records their speech, their humor, their odd attitudes, and her own reactions, with a wit that is often divided between shock and humor.

Lawrence Stallings of "What Price Glory?" fame has now told the story of the American Expeditionary Force in France during 1917-1918, in **THE DOUGHBOYS**. This is an account celebrating the spirit and toughness of a million stout-hearted Yanks, with dozens of individual anecdotes of their exploits. Stallings, a combatant himself, has studied the book with familiar names: the young MacArthur, Rickenbacker, Father Duffy, Sergeant York, and the poet Joyce Kilmer, and with scores of other unknown or forgotten individuals and incidents. He describes each of the main battles in which Americans participated, with emphasis on the Marne and Belleau Wood. This stirring account is the climax of a lifetime of memories and three years of research and writing.

COLLEGE

(Continued From Page 1)

music, and the estimated cost including equipment and fees is estimated at \$272,000. The building will include a small combination classroom auditorium for public performances, and for large lecture classes.

The student union and cafeteria building will contain 10,130 square feet and is planned for an ultimate campus enrollment of 1,500 students. Its estimated cost of \$258,500 includes kitchen and food service equipment, as well as furnishings and fees. It will provide room for student body offices and activities, the student book store, and will serve as a campus center.

Plans for the life science laboratory building are in the preliminary stages. It is designed to relieve overcrowding in the present science building, which will be allotted for use solely by the physical science department.

From
**Daybell
Nursery**
By John

This is a lost month for most home gardeners because it's a little too late for some things and not quite time for the others. Many husbands breathe a sigh of relief at this situation. Some even wish August lasted twelve months. We sort of enjoy the peace and quiet around the nursery although we're not looking for twelve months of it. If only because we can't support all our foreign dependents in the manner to which they've become accustomed.

Without telling an outright lie we can state that we have a few things for August gardening besides a sharp beer opener. For instance, we have some fine shade trees. We hate to sell these because they provide the coolest spot we have for killing time. However, we will let them go for three seventy five. These are all fast growing, maple leaf, fruitless mulberry.

Also available are some excellent ant poisons, mosquito sprays, and the best in Springville charcoal. These are good for picnics, camping, or loafing around the back yard. You are also welcome to loaf around our joint and enjoy the peace and quiet with us. No charge for looking.

Phoebe Ann Tobias Heads Republican Women's Organization

PORTERVILLE, August 22 — Phoebe Ann Tobias was installed as president of the Porterville unit of the Federation of Republican Women at a potluck luncheon in Bartlett park last week.

Other officers are: Mrs. Ethel Prestage, vice president; Mrs. Marietta Homer, secretary; and Mrs. Mary Lou Spencer, treasurer.

Outgoing president is Mrs. Prestage, who was paid special tribute for having served as head of the organization for the past 10 years.

Installing officer was Mrs. Helen Donahy, of Fresno, president of Central Area Republican women; guests included Mrs. Helen Larue, central area precinct chairman and president of the Fresno city and county Republic women.

program of citrus planting everything at hand was burned to protect crops and trees. Growers are fully aware of the situation and agree that something needs to be done to correct the problems.

"All growers are advised to assess their individual heater situation and place orders immediately for heaters to guarantee delivery before the next firing season."

A detailed resume of the heater ordinance appeared in the August 1, 1963 issue of The Farm Tribune.

National turkey crop this year is slightly greater than in 1962, however, turkeys next Thanksgiving and Christmas may number about the same as in 1962 because of a small carryover of frozen birds.

Baseball Season Staggers On Football Season Staggers In

The baseball season lumbers on and the Los Angeles Dodgers, staggering slightly, lead the National league while the New York Yankees have made the American League race a joke with their ten game lead. And now the elongated shape of the football creeps into the picture.

The professional football teams have gone into training and the exhibition season started and our long time favorites the San Francisco 49'ers have already successfully lost two games, which is hard to do by such an early date in August.

The 49'ers are a little bit like the New York Mets. They have never been a big winner, but they always have a great season at the gate. Getting tickets for a prospector game at Kezar Stadium is harder than getting a kind word out of Sonny Liston.

Several years ago the braintrust of the 49'ers put their heads together and came up with a plan to get the bay city a championship in the National Football League. The thing to do, they said, was to get rid of Y. A. Tittle and some of the other deadwood around the

ol' homestead. John Brody, then a young hotshot off the Stanford University campus, was tabbed as Tittle's successor, and the 49'ers charged off into annihilation and oblivion. Tittle, on the other hand, settled comfortable into the quarterback spot with the New York Giants, who believe in giving their QB a little help while he is trying to throw, and led the big city eleven to two consecutive championships. On the whole, it was an outstanding piece of strategy on the part of the 49'ers.

Down south the LA Rams have been trying for several years now to field a team paper players. One of the Ram's greatest joys in past years has been the practice

of trading away a real live, walking, talking football player for a future, unknown draft choice. It has paid off handsomely in the worst Ram teams since the team moved to the West coast.

The practice of trading football players for draft choices moved one southland scribe to write that Danny Villinuava, after kicking three field goals in one game, was nearly good enough to trade for a future draft choice.

Valley fans will get a chance to see the pros in action on August 30 when the 49'ers meet the Dallas Cowboys in Bakersfield. The Cowboys are a pretty fair football team and should give the north city washouts a good lacing. At any rate it should be an exciting game as both teams boast potent offensive power.

Harvest of watermelons is underway in Tulare and Fresno counties.

Record Grape Crop Is Forecast For California

SACRAMENTO, Aug. 22 — A record grape production of 3,310,000 tons is forecast for California this season, with this figure 14 per cent above 1962 and 23 per cent above average.

Forecast by variety, with percentage comparison to 1962 is: Raisin varieties, 2,050,000 tons, up 22 per cent; table varieties,

620,000 tons, up seven per cent; and wine varieties, 640,000 tons, about the same as last year.

Grape harvest is virtually completed in Coachella valley and is increasing in the southern San Joaquin valley. In the San Joaquin valley mildew infestation has been the heaviest in years, particularly among Thompson Seedless; harvest is somewhat delayed because of the late season and is expected to extend over a longer period than usual.

TWO-MEMBER FACULTY FOR JOHNSONDALE

PORTERVILLE, Aug. 22—California's smallest high school, operated at the mountain lumber town of Johnsondale by the Porterville Union High School and College district, will open its fall time with a faculty of two full-time instructors and two others who will serve part-time.

Students attend the school in the Kern Canyon 40 airline miles southeast of Porterville because it is uneconomical to transport them to larger attendance centers, and would be almost impossible during the winter months.

Mr. and Mrs. Burl Thompson, who have had long teaching experience in the Southwest, will be starting their second year as full-

time faculty members. Mr. Thompson serves as principal, and both teach academic subjects to the 25-30 students who attend.

The school plant now has two classrooms, and a near-by shop building. Mr. and Mrs. Paul Stamm serve as part-time teachers for the branch high school. Mr. Stamm teaches shop, mathematics, and physical education, while Mrs. Stamm has classes in art and home economics.

Most of the students are children of mill or timber workers, and are interested principally in learning job or homemaking skills. Some go on to college.

CALCOT MAKES FUND PAYMENT

BAKERSFIELD, Aug. 22—Payment of \$1,375,000 in revolving funds is being made to members of Calcot, Ltd., who delivered cotton in the 1957-1958 season to the grower-owned marketing organization. Russell Kennedy, General Manager, said the payment represents members' investments in Calcot at the rate of \$3 per bale. The organization's revolving fund is on a five-year cycle.

FEARLESS DRIVERS hit speeds of up to 60 miles an hour as they roared through the community on July 4, 1913, in the Panama Pacific Road race from Los Angeles to Sacramento. (Story in the June 27, 1963 issue of The Farm Tribune) Above are photos, brought in by H. A. Vossler, taken during the race just south of

Strathmore on old Highway 65, then just a dirt road. Notice the horses in two of the photos. Apparently they weren't as scared of the gas burners as some stories out of the old days indicate. We would appreciate receiving any other photos taken in the community during the famous 1913 race.

Open House, Luncheon Marks Formal Opening Of New Office

A group of civic and business leaders were guests of the Automobile Club of Southern California Tuesday (8-20) at an open house and luncheon marking the formal opening of the Auto Club's new Porterville District Office.

The guests met at the Auto Club's new office building at 127 E. Morton Street, Porterville, at 11:30 a.m. for a tour of the new facility and then went to the Paul Bunyan Restaurant for luncheon.

Charles W. Chenhall, manager of the Auto Club's Porterville District Office, hosted the event.

Joseph E. Havenner, general manager of the Auto Club, headed a delegation of Auto Club officials attending the event. Havenner also spoke at the luncheon.

The new office building marks the third location for the Auto Club in Porterville since the office was established to serve the community in 1922. The first office was at 518-20 Main Street. In 1938 the office was moved to 915 N. Main Street, where it remained until last month.

The new office, built at a cost of \$20,000, contains 1,920 square feet of space and is adjoined by

an off-street parking area. Max L. Young, Porterville contractor, built the building for its owners, Mr. and Mrs. Harry Pohlman. The Auto Club is leasing the structure. Housed in the new building are a touring bureau, claims and insurance service, a membership service area and office and storage space.

Attending the Automobile Club of Southern California Open House were, from left to right: Max Young, Graham Dean, Harry Pohlman, Homer W. Wood, Francis Torigian, Dr. P. H. McKay, Dixon F. Maddox, George Clark, Lawrence Desmond, Robert VanderNoor, C. W. Farley, Allen Coats, Nells P. Llewellyn, Lt. Harold Parrazzo, Judge Don

Baird, Robert K. Rogers, John H. Keck, Wayland (Tex) Davis, Joseph P. Havenner, Judge George Carter, John Ralph and Charles W. Chenhall.

(Hammond Studio photo)

PERMITS FOR SPECIAL ELK HUNT

SACRAMENTO, Aug. 22— Special hunt for Roosevelt Elk in the Orick area of Humboldt county has been approved by the California Fish and Game commission, with applications deadline at 5 p.m., September 17. Application forms can be requested from Department of Fish and Game License section, 1325-A "K" street, Sacramento. Hunts are slated for October and November; drawing to determine those allowed to hunt is set for September 20.

SCHOOLS TO OPEN MONDAY, SEPT. 9 REGISTRATION OF NEW STUDENTS SCHEDULED FOR PREVIOUS WEEK

School will officially start for all of Porterville elementary schools, High school and Junior college, Monday, September 9th, at 8:30 a.m., according to announcements by Mr. O. H. Shires, director of the college; Mr. Harold C. Hammarsten, superintendent of Elementary schools, and Mr. Don Howard, principal of the High school.

Registration

September 3, 9:00-12:00 a.m.: Kindergarten Registration at each of the Elementary Schools. Parents are requested to contact their school of attendance and arrange an appointment for registration and conference.

September 5, 1:00-3:00 p.m.: 7th and 8th grade registration at

Bartlett and Pioneer Junior High schools for all pupils new to the district.

September 6, 9:00-12:00 a.m.: Registration of all new pupils to the district at each of the Elementary Schools for grades 1-6.

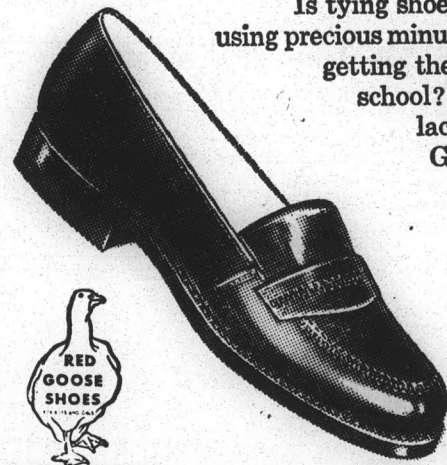

The cafeteria at the Westfield school will be closed, Mr. Hammarsten stated. He also explained that students living less than 1½ miles from their schools would not have bus transportation. High school students who live less than two miles from the school must furnish their own transportation he said.

Beekkeepers in the nation had 5,559,000 colonies as of July 1; this is one per cent higher than a year earlier.

NEW STUDENT GROUP COUNSELING, ALSO PRE-REGISTRATION STARTS MONDAY AT PORTERVILLE COLLEGE

PORTERVILLE, Aug. 22—Group counseling for new students and pre-registration for all students for the fall semester will begin at Porterville College on Monday, August 26.

Returning students who plan to

continue the same course of study may contact the college administrative office to make individual counseling appointments. All other students will be required to attend orientation meetings on August 26 or September, as well as group counseling meetings, before they can make individual appointments for pre-registration.

Final registration for all students will be held on Friday, September 6, and classes will begin on Monday, September 9.

Paul R. Kercher, dean of students, urged students to complete their pre-registration as soon as possible, because all classes will be filled on a first-come, first-served basis, and many will be closed early.

Similar schedules for orientation and group counseling will be followed on both August 26, and September 9, Kercher said. Orientation meetings, which all entering students must attend, will be held at 10 a.m. or 2 p.m. in the college library.

Group counseling by majors will be conducted both morning and afternoon as follows:

Mrs. Esther Bradley, criminology, sociology, general education transfer students; Ed Buckles, business administration; William Davies, industrial and technical arts and engineering majors; Lee Clearman, pre-teaching majors; Mrs. Marie Button, fine arts, home economics and music majors; Mr. Kercher, agriculture, general education terminal students, and undecided majors; Mrs. Marjorie Bate, secretarial training and terminal business education majors; Burl Cuffman, mathematics, science, engineering majors; and Arthur Van Horn, pre-professional, general education for transfer, and miscellaneous majors.

Kercher suggested that students who are undecided as to their major field might attend more than one of the group counseling meetings.

GOLDEN TROUT IN SIERRA LAKES

SACRAMENTO, Aug. 22 — A total of 588,000 Golden Trout eggs have been taken in three weeks at the Cottonwood Lakes spawning station in Inyo county for planting in high Sierra lakes.

MAJOR CONSTRUCTION work on highway 190 from 65 highway east to the Porterville State hospital includes this improved in-

tersection of highways 190 and 65. Ultimate plan by the State of California Highway department is for a grade separation

traffic interchange at this intersection. (Farm Tribune-Grant Air Service)

MECHANIZATION OF AGRICULTURE ONLY REAL SOLUTION TO SEASONAL LABOR PROBLEMS SAYS ECONOMIST

VISALIA, Aug. 22 — There is only one real solution to California's seasonal harvest labor problem, to mechanize and eliminate it, says Dr. Eric Thor, economist in the University of California Agricultural Extension service.

In the meantime, though, he said, the Mexican bracero program, under Public Law 78, can hold the line with the least cost to society from both the financial and humanitarian view.

One of the principal problems, he declared, is that the need for temporary farm labor during peak periods is not decreasing. At the same time, labor needs for most cultural operations are decreasing, and so is the total amount of labor needed over the year.

"However advantageous this may seem to agriculture," he said, "it is not advantageous to the worker. The number of days of employment in temporary and seasonal work is decreasing at about

four days a year. At the same time there are fewer year-around hired workers and fewer family members employed on farms."

The University agricultural economist suggested that there are only three alternatives for meeting seasonal farm labor needs: importing foreign workers (as in the bracero program), importing domestic workers from the South or other areas of unemployment, and encouraging immigration from Mexico.

"Each has its own problems," said Thor. "Workers from the South or immigrants bring families with them. The problem then becomes a humanitarian one. Average employment for a temporary worker is only 135 days a year now, and is decreasing. That is not enough work for the head of the household to raise a family on."

Inevitably, he said, immigration from the South or Mexico means added costs to the community in schools, welfare, and the delinquency problems that tend to go with underemployment. The single workers who come under Public Law 78, he said, offer the cheapest way for society and California to meet the problem, and

the most humanitarian way.

"The only long-run solution is that temporary jobs will have to be mechanized and eliminated from agriculture," Thor said. "They are not good for society, for agriculture, or for anyone else."

FUAD SPEAKER AT MEETING IN SEPTEMBER

PORTERVILLE, Aug. 22—Hilmi Fuad, director of welfare of Tulare county, will speak at a meeting sponsored by the Porterville Chapter of the California Republican assembly on September 24 at the Paul Bunyan restaurant.

A buffet dinner will be held at 7:00 p.m.; the meeting begins at 8:00 p.m.; the public is invited to attend. A short business meeting will precede the speaker.

California beekeepers started the current season with 599,000 colonies.

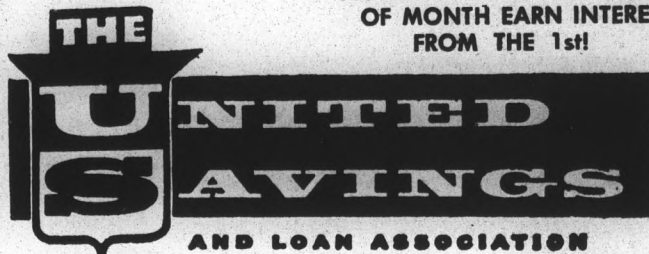

THE MUSICAL artists above were hoping for a spot on the Hootenanny to be held in connection with the 6th annual Western Barbecue, September 5, of the Poplar Chamber of Commerce. Program Chairman, Ray Longley, has persuaded them that their talents must lie elsewhere. From left to right are Longley and the would-be Hooters, Ray Langston, ball teams manager; Melba George, secretary-treasurer and Hack Hutchinson, president, of the Poplar Chamber.

ONE OF Tulare county's youngsters who attended the Easter Seal Camp at Santa Cruz in July is Mary Louise Corrales, who is shown with Brother Bunny, who also lived at the camp. The camp was attended by crippled children who, under ordinary circumstances, would be deprived of

camp experiences. The camp, one of the projects of the Crippled Children's society, of which the Tulare County Society for Crippled Children is an affiliate, provides at full-scale, supervised camp program at Camp Harmon in the Santa Cruz mountains, for severely handicapped youngsters.

We Only Heard

BY BILL RODGERS

WHEN SOMEONE, someplace, sometime got the idea that trees or shrubs along city business streets would look good and maybe make shoppers happy, the idea was an excellent one. In fact it was so good that the great American public, in its unoriginal way, because of originality, copied the idea far and wide, and an idea that was good became run of the mill because of constant repetition. In most cities that have gone to business district foliage, the effect is not one of tree-shaded sidewalks, nor of particularly beautiful business districts, but rather sidewalks and a business area with potted trees or shrubs sitting around to collect cigarette butts and other trash...

TO THOSE persons in Porterville who want to follow the mob and do what everyone else is doing, we suggest a new approach. Let's beautify the city as individuals through the planting of colorful trees, shrubs and flowers in our own yards; let's get the city going with a few stately trees along its public properties — like parking lots, for instance.

AND AS for the business district, let's put colorful flowers and shrubs along business fronts and at business entrances where possible, and as new fronts and new buildings are constructed in the business district, why not make provisions for flower and shrub boxes? This would add real color to a shopping area — in fact we visualize the "conversation piece" type of color if done properly.

BUT HAVING asked the question, we'll answer it. There will probably be no individual effort to beautify the business district because business people, by and

large, are not willing to spend the time and effort or money necessary to take care of flowers and shrubs. They do have time, however, to sit at the coffee counter and tell each other what someone ought to be doing about beautifying the business district and the city generally.

WHICH GETS us around to our point: To those persons who keep talking, doing nothing but just talking, about when is Porterville going to get potted trees on Main street, we say, forget it. Let's get original. Let's get out of our unoriginal rut and get a real, imaginative job done.

HOSSCAR PARTY SEPTEMBER 13 AT GANG SUE'S

PORTERVILLE, Aug. 22—Annual Hossscar party of the Porterville Barn theater will be held September 13 at Gang Sue's in Porterville.

Feature of the evening will be presentation of "Hossscar" awards to outstanding participants in all categories of the theater during the 1962-63 season.

WILLIAM "TY" STURGEON, who has received appointment to the U.S. Merchant Marine academy at King's Point, Long Island; he reported August 18. The son of Mr. and Mrs. E. W. Sturgeon, of Porterville, "Ty" was an honor student at Porterville high school and Porterville college; he played trombone with the Fabulous Studio band, touring the South Pacific and Orient, and attending the Seattle World's fair with this group. Announcement of his appointment was made by Congressman Harlan Hagen.

LEGAL NOTICE

OFFICIAL NOTICE OF SALE OF SCHOOL DISTRICT BONDS

NOTICE IS HEREBY GIVEN that sealed proposals will be received by the Board of Supervisors of the County of Tulare, State of California, at the office of the said board of supervisors in Room 301 of the Tulare County Courthouse, City of Visalia in said County, California, on Tuesday, the 17th day of September, 1963, at the hour of 10:00 o'clock A.M. for the purchase of bonds of Burton School District, of Tulare County, State of California, more particularly described below:

ISSUE: \$50,000.00, 1963 School Bonds, consisting of 50 bonds of the denomination of \$1,000.00 each, numbered 1 to 50 inclusive.

DATE: All of said bonds are dated September 17, 1963.

INTEREST RATE: Maximum five (5) per cent per annum, payable annually for the first year on September 17, 1964, and semi-annually thereafter on March 17 and September 17 in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of 1/8 or 1/20 of one per cent per annum, payable as aforesaid.

MATURITIES: Said bonds mature serially in consecutive numerical order from lower to higher (without option of prior redemption) as follows:

Principal Amount	Maturity Dates
\$3,000	September 17, 1965
3,000	September 17, 1966
3,000	September 17, 1967
4,000	September 17, 1968
4,000	September 17, 1969
4,000	September 17, 1970
4,000	September 17, 1971
4,000	September 17, 1972
5,000	September 17, 1973
5,000	September 17, 1974
5,000	September 17, 1975
5,000	September 17, 1976

PAYMENT: Both principal and interest payable in lawful money of the United States, at the office of the county treasurer of said county.

EXECUTION AND REGISTRATION: Coupon bonds will be issued by said board of supervisors on behalf of said district. Said bonds will be executed by the manual signature of at least one official authorized to execute the bonds. Such bonds are registerable only as to both principal and interest.

PURPOSE OF ISSUE: Said bonds were authorized by more than two-thirds of the voters voting at an election held in said district on May 28, 1963 and will be issued and sold for the purpose of raising money for authorized school purposes.

LEGAL NOTICE

SECURITY: The bonds are general obligations of said district, and said board of supervisors has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said district, subject to taxation by said district (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any federal income tax laws, either by the terms of such laws or by ruling of a federal income tax authority or official which is followed by the Internal Revenue Service or by the decision of any federal court, the successful bidder may at his option prior to the tender of said bonds by the board of supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION: A copy of the legal opinion of any attorney selected by the successful bidder, approving the validity of said bonds, certified by the official in whose office the original opinion is filed, will be printed on each bond if requested by the successful bidder in his bid; provided, however, that the attorney's fees for said legal opinion and the expense of printing said legal opinion on the bonds shall be paid by the successful bidder.

TERMS OF SALE

HIGHEST BIDDER: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the district would be required to pay from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the district. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said board of supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD: The board of supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after

LEGAL NOTICE

LEGAL NOTICE

the expiration of the time herein prescribed for receipt of proposals unless such time of award is waived by the successful bidder.

PROMPT DELIVERY: Delivery of said bonds will be made to the successful bidder at the office of the county treasurer of said county as soon as the bonds can be prepared which it is estimated will be within 30 days from the day of sale, (but not prior to the date of the bonds).

RIGHT OF CANCELLATION: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the board of supervisors of said county, and endorsed "Proposal for School Bonds of Burton School District of Tulare County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for \$250.00, drawn on a bank or trust company transacting business in the State of California, payable to the order of the county treasurer, to secure said district from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the district on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the district. Checks of all bidders except the successful bidder will be returned by mail promptly following the sale date above specified. No interest will be paid upon deposit made by the successful bidder.

NO LITIGATION: There is no controversy or litigation pending concerning the validity of the above issue, the corporate existence of said district, or the title of the officers to their respective offices and the board of supervisors will deliver to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Dated: August 13, 1963.

Trinity Lutheran Church To Open September 8

The Rev. August H. Hintz arrived in Porterville last week to begin his work of organizing a new congregation to be known as Trinity Lutheran Church. This congregation will be affiliated with The American Lutheran Church body and is being sponsored by the Board of American Missions.

Pastor and Mrs. Hintz came from University Lutheran Church in Long Beach. They have four children, three are married and their youngest son, Gary, is a student of California Lutheran College at Thousand Oaks. They reside at 1113 Dexter Ave., the new parsonage. Their phone is 784-7165.

The first service will be held on September 8 — 10:30 a.m. at the American Legion Hall, 620 Oak. This will be the temporary meeting place of Trinity Lutheran Church until the new chapel and

Sunday School unit is built.

The site for the new church is located two blocks east of the Express Highway 65 on Henderson. It is the five acre pecan orchard.

Pastor Hintz is a graduate of Wartburg Theological Seminary, Dubuque, Iowa, and has served pastorates in South Dakota and Arcadia, Woodland, and Long Beach in California. He extends a hearty welcome to all who wish to attend the services or make use of his ministry.

NEW MEMBERS ON FACULTY AT COLLEGE

PORTERVILLE, August 22 — Three new members of the Porterville College faculty will assume duties when classes open on Monday, September 9.

Bernard Freiwald, who is participating in the intern program for junior college teachers maintained by the University of California at Berkeley, will teach a full schedule of classes in political science and history. Mrs. Marian Bartlett, formerly a member of the home economics staff at the Porterville High school, will teach part-time at the college. Tom Baker, a member of the high school industrial arts staff, will teach two hours at the college this year.

Freiwald, who has attended the University of Vermont, holds a master's degree in political science from the University of California and has minors in history and economics. Following his internship year at Porterville college, he will be eligible for a junior college teaching credential. He is married, and has a small son.

Mrs. Bartlett will teach classes in food and clothing at the college on a part-time basis. She will assume part of the load formerly carried by Mrs. Marie Burton, who will devote full time to arts and crafts instruction.

Baker will teach Welding 6a at the college for two periods, three days a week, in addition to his high school assignment.

CHAMPIONS OF the Knott's Giant league in Porterville is this team, sponsored by Bannister Furniture. From left, rear row: Bob Perez, coach; Jim Brown, Marcus Almos, Sal Carrillo, Bill Joos;

Doyel Nelms, Chandler Kerr, Jr., and Reggie Castrillo. Front row: Art Brown, Sky Walters, Larry Jared, Jimmy Rice, Mike Mills, Danny Mabalot, and Vernon Rice. (Farm Tribune photo)

EVENING SCHOOL PRE-REGISTRATION AND COUNSELING STARTS MONDAY ON PORTERVILLE COLLEGE CAMPUS

PORTERVILLE, Aug. 22 — Pre-registration and counseling for evening division classes at the Porterville College will begin on Monday, August 26, according to R. R. Reising, evening division director. Most classes are scheduled to begin during the week beginning September 9.

Reising emphasized that attendance requirements, scholarship standards, textbooks, out-of-class preparation, examinations and credit for evening division courses are the same as for courses given during day classes. No auditor status is permitted, and courses must be approved by counselors for all registrations, which must be done in person.

Students desiring counseling may make appointments during the afternoon and evening hours of 1 to 4 p.m. and 8 to 9:30 p.m., Reising said, beginning on August 26. The last day to enroll in credit courses will be during the week of September 13.

Courses currently scheduled include:

Business department — Begin-

ning Shorthand 2A, Principles of Accounting 14a, Business Machines 39a, Personal Typing 51, Principles of Real Estate 67, Real Estate Appraising 69, Elements of Supervision 71, Psychology for Supervisors 72, and Developing Supervisor Leadership 73.

Fine Arts department — Crafts 2a, and Class Piano 49a.

Trade and Industrial department — Welding 6a, Machine Shop 3a, Diesel Fundamentals 40a.

Language Arts department — Reading Training 56a, Practical English 54, and Elementary Spanish 10a.

Mathematics, Science, and Engineering department — Everyday Mathematics 62, Slide Rule 12, Elementary Astronomy 20a, Elementary Mechanical Drawing 51, Mental Hygiene 51, and Drug Therapy 60.

Home Economics department — Clothing 60.

Social Science department — Current Affairs 6, Psychology 10, Psychology 11, Criminology 21, and History 9.

Reising pointed out that all courses with numbers under 50 are acceptable for college or university transfer. Those numbered 50 and above are terminal credit courses.

Largest national carryover of all kinds of cotton since 1957 is reported as of August 1, about 11.1 million bales.
